About Me

I am...

Product Designer with 5+ years of experience working at the intersection of product strategy, UX, and business outcomes across B2B, B2C, and SaaS

I'm most proud of...

Designing product changes that made complex SaaS workflows easier to use, easier to scale, and measurably more effective

I'm proficient in...

Figma, Sketch, Adobe CC, ProtoPie, Amplitude, HTML, CSS, Open AI, Claude Code, Open Code, Open Design

I also have experience with...

AI-assisted workflows, LLM tools, JavaScript, PHP, WordPress, React

Education

Bachelor of Business Administration (BBA)

University of Southern Queensland, Australia

Experience

FunJoin

Product Designer *May 2021 – Jun 2026*

End-to-end product design: JTBD, CustDev, qualitative research, UX testing, hypothesis generation and validation.

Delivered new features directly driving client acquisition: payment plans, checkout improvements, smart forms, waitlists, applications, medical workflows, discounts, reports, data exports, and configurable product customization.

Grown payment plans adoption from 1.5% to 24.3%, increased admin-to-self-service scheduling transition from 13.6% to 52.3%, improved registration and checkout flows during a period when drop-off decreased from 36.7% to 13.5%.

Worked directly with the founder and CTO, contributed to product strategy and backlog prioritization, coordinated freelance designers.

Built and maintained design system foundations, UI patterns, design tokens, state templates, product specs.

Onomatet

UX/UI Designer *May 2016 – Apr 2021*

Led client projects from research and UX/UI design to development, launch, and support.

Designed websites, landing pages, brand identities, visual systems, and style guides to improve usability and conversion.

Combined design with front-end implementation using HTML, CSS, React, PHP (WordPress).

Carlsberg Group

Data Analysis Specialist *Jun 2014 – May 2016*

Created reports, dashboards, forecasting models, and performance tracking materials.

Analyzed market data, competitors, trends, and growth opportunities.

Translated large datasets into clear insights for management and cross-functional teams.
